# ELECTRIC EEL

## MODEL D-5

**THE TOUGH**

**HEAVY-WEIGHT**

**CLEANING TOOL**

**FOR HEAVY-DUTY**

**CLEANING JOBS**

The industry's broadest assortment of tools gives you exactly what you need for every kind of cleaning job.

**Model D-5 Standard Kit (D5K-3/4IC100) includes:**

- D-5 power unit with power cable feed
- Two (2) 3/4" x 50 Ft. Tri-Max cables
- Set of seven (7) cleaning tools
- 10 Ft. anchor cable, 2 Ft. flex leader
- Pair of staple palm leather gloves
- Tool box

1. Loading wheel built-in to handle.
2. Heavy-duty, 1/2 H.P. capacitor-type motor produces more torque.
3. Extra strength framework welded from 1-1/4" steel tubing.
4. Continuous belt skids for easy stair climbing.
5. Wheel brake.
6. Large 10" solid wheels for easy maneuvering and stabilization of unit while in operation.
7. Built-in GFCI (Ground Fault Circuit Interrupter) on 20 Ft. line cord to protect operator from electrical shock.
8. Three sealed heavy-duty ball bearings, support for drum and thick wall guide tube for extended wear.

9. Air operated foot switch and cord assembly for easy operation.
10. Snap-Lock tool connector.
11. Quick remove continuous cable feeder and drum.
12. High density polyethylene drum and belt guard will not rust or dent. Drum holds 100 feet of 3/4" cable.
13. 5 position height adjustment on handle.

The strongest cable on the market is the stress-relieved Tri-Max three element cable. It contains an inner-core cable made from right-hand wound galvanized aircraft wire, a protective plastic sheath that guards against rust and corrosion and a tough, long-lasting outer layer of left-hand wound wire offering the same quality and tensile strength as music wire.

**Put a Stop to All Your Drain and Sewer Cleaning Problems with the Model D-5.**
